9 July 1963

MEMORANDUM FOR: Chief, Finance Division

SUBJECT : Status of Advances in Field Stations

REFERENCE : Memo to CFD dated 6 June 1963; Same subject.

In order for our study on the status of advances at Class B Stations to be based on the most current information available, it has been determined to be more advantageous if we use the 30 June 1963 reports as a basis. We anticipate that the majority of these reports will be in this Branch by 1 August 1963 and should be able to complete our study by 15 August 1963.
